Iman Adeli

Education

2010 – 2012 **M.S. in Applied Mathematics(Numerical Analysis)**.
University of Shahid Bahonar, Kerman, Iran.
Scholarship: tuition waiver
Honors: second person in the class
GPA: 3.92

2005 – 2009 **B.S. in Mathematics**.
University of Zabol, Iran.
Scholarship: tuition waiver

Master Thesis

Title Nonnegative Inverse Eigenvalue Problem, 19.25/20

Supervisors Professor Mahmoud Mohseni Moghadam, mohseni@uk.ac.ir, (google scholar link)

Publications

- Spline collocation method of lines for solution of linear and nonlinear parabolic and hyperbolic differential equations with nonlocal boundary conditions. (submited)
- I. Adeli, M. Taheri, M.M. Moghadam, A recursive method for constructing doubly stochastic matrices and inverse eigenvalue problem, Linear Algebra and its Application. 537 (2018) 318–331. (link)
- I. Adeli, M. Taheri, On the Doubly Stochastic Inverse Eigenvalue Problem, 48 th annual iranian mathematics conference Bu-Ali Sina university, August 22-25, 2017, Hamedan, Iran. (link)

Experience

2016-current **Teacher**, *Ministry of Education*, Iran-Karaj.

2012-current **Freelancer**, *Python Programming, Developing Trading Bot (Crypto-Forex)*.

2012 – 2016 **Lecturer**, *University of jiroft & Shahid Chamran Technical College of Kerman*.
Numerical Analysis, Mathematics 1,2, Probability and Statistics.

Skills

Python, , Pandas, Numpy, Scikit-learn, Selenium, Web Scraping

Flask, Django, FastApi, SQL, Redis

R, MATLAB, Maple

Linux, Latex

Projects

Copy Trade	Web application developed by Flask. User data was stored using SQLite and Redis.
Trader Bot	Bot obtains OHLC data from the exchange and takes action based on strategy. Alarm message to Telegram.
Fear and Greed Index Web Application	Fear and Greed by Streamlit and Pandas

Languages

English	IELTS to be taken soon

Research Interests

Data Science, Machin Learning, Optimization, Numerical Methods

Partial Differential Equations, Integral Equations, Matrix Analysis

Referees

- DR. Mahmoud Mohseni Moghadam Professor of Mahani Mathematical Research Center, Shahid Bahonar University, Kerman, Iran.
  mohseni@uk.ac.ir

Courses

Kaggle	course, python
Kaggle	course, intro-to-machine-learning
